Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my strong opposition to the recent redistricting efforts in Texas that appear to be clear examples of partisan gerrymandering. As your constituent, I believe fair representation is a cornerstone of our democracy—and it is being undermined by the way our political districts are being drawn.

Gerrymandering erodes trust in government by allowing elected officials to choose their voters, rather than voters choosing their representatives. The current redistricting map in Texas dilutes the power of communities of color, splits apart communities with shared interests, and prioritizes partisan advantage over fair representation.

I urge you to oppose any redistricting plans that do not include:

- Transparency in the process, including public hearings and access to draft maps,
- Nonpartisan or bipartisan oversight,
- And districts that reflect the true diversity and makeup of Texas.

Texans deserve a system that promotes accountability, encourages competition, and reflects the will of the people—not one designed to entrench power for any one party.

Please take a stand for a fair and democratic process. I ask that you advocate for and support reforms that end gerrymandering and put the interests of voters first.
