Message:

Representatives in our house and Senate should be representative of the variety of the people in Texas in class, race, age, political and cultural beliefs. I do not approve of further redistricting because past experience leads me to believe that this effort will be a further attempt to secure power to the majority party, and its politicians, instead of to the people they are supposed to represent. The current make up of the house and senate already does not reflect the beautiful people of Texas. Do not make it worse.
