Message:

To the TX GOP: I believe everyone should have representation in our government. Political maps ought to be fair, not just favorable to the Party in power. If people like you, they will vote for you. It will make you want to do good things for your constituents, not just use them to grab more power. Wait until the next census to re-draw the maps. And have a NON partisan group set up the districts to accurately reflect the voters. Do not try yo pick your voters. We see through that. Let the voters pick you.
