Message:

I urge you senator/representative to put Texans first and stop Abbott's Corrupt political agenda. The Democrats before has pass an Anti-Gerrymandering bill but the Republicans has blocked it. I don't believe in diluting the people's votes. If the governor will not work for the people in the state of Texas instead of putting the party first then we will have to come together. I never had to write a letter to the public until now that I really didn't think it will at this point. I come from a Mexican-American family who believes that Texas is like a whole lot of country fill with diversities. Although we are a country of immigrants other than Mexican as indigenous people let's all come together and help put people before party first. Thank you.
