Message:

The proposals for redrawing Congressional districts proposed by Abbott are blatantly illegal and should be immediately withdrawn. His Draconian reaction — threats of arrest, of expulsion from the state legislature — only serve to exacerbate an already stressed situation. They have the effect of painting a portrait of Abbott as a mercurial despot, emulating the imperiousness of his idol Trump. The lawmakers who are denying a quorum have more courage than Greg could ever muster in his entire life.

Greg forgets that the people should choose their representatives and that the representatives should not choose the people. Cornyn is eagerly yapping at his heels, snarling for blood like an overexercised Boston Terrier.
