Affirm public info: I agree

Regarding: Congressional

Message:

I am writing as your constituent to express my strong opposition to the current effort to redraw Texas congressional districts outside of the regular redistricting cycle.

Mid-decade redistricting undermines our democratic process and public trust in our elections. I am deeply concerned that this unusual action appears to be motivated by partisan advantage rather than by representing Texans more effectively. The timing and nature of this effort suggest political expediency at the expense of fair representation.

I believe our electoral maps should reflect the diverse communities of Texas and ensure all voters have an equal voice. I urge you to oppose any redistricting plan that dilutes minority voting strength or serves primarily to secure partisan advantage.

As your constituent, I urge you to stand for fair representation and democratic principles by rejecting this unnecessary redistricting effort.

Lastly, since when did Texas start taking orders from the Federal Government? I thought the good people who sit in Austin were against big government.
