Message:

I believe that a hasty redistricting will hurt the very institution (Democracy) that gave all of you the opportunity to sit where you are sitting now.

(If you achieved your seat through questionable means {you know who you are} then this message won't matter to you)

At this point in time there is a struggle between the ideals of a few and the voices of the majority of us that have fewer resources than the more privileged of our fellow citizens, and it seems we continue to lose those privileges and voices every day in this current administration.

Why are districts being disparately clumped and divided? With regard to the servicing of the public it would be easier for a representative to attend to a single area type (ie; Panhandle, Central Texas, East Texas etc.) So the problems and the solutions can benefit an entire community instead of a representative that has these 1000 people in the NW and Parts of Austin and 10000 people in the panhandle that all suffer from different problems and require different solutions. So now Nobody gets any help. It doesn't make sense.

The Voters choose the representatives NOT Politicians "Choosing" their voters!!

This will cause a lot of turmoil across the country as each state begins to Defend itself against this Anti-Democratic move, Which will further divide the citizenry for NO Reason other than defending the wealth and policies of the greedy and close-minded top minority.

Thank you for your time.
