Affirm public info: I agree

Regarding: Congressional

Message:

I am AGAINST the Congressional Redistricting effort underway right now. It is just a desperate ploy to try and keep Trump Republicans in power. Bowing and scraping to the dictates of Donald Trump is not what true Texans should be doing.

Pretty much all my life (71 years) I've been a Republican voter until Donald Trump came along. He is not honorable and is not in keeping with the values of us here in Texas. I will probably never vote for a Republican ever again because of his behavior and the behavior of his Congressional supporters that allow him to continue to make a mockery of the Office of the President.

Some day the worm will turn when people finally come to their senses and see what has happened to their country.

I now plan on living as long as I can so I can continue to vote against the tyranny of Republican Party.
