Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my strong opposition to the proposed mid-decade redistricting effort currently under consideration by the Texas Legislature. Redrawing congressional maps outside the regular ten-year cycle—especially under pressure from President Trump—raises serious concerns about the fairness and integrity of the redistricting process.

The proposed changes, which would reportedly create up to five additional Republican-leaning districts, appear aimed at consolidating partisan power rather than ensuring accurate, representative, and equitable districts for all Texans. This move not only threatens to disenfranchise millions of voters but also undermines public trust in the legitimacy of our democratic institutions.

Redistricting should be conducted transparently, with broad public input, and based on updated census data—not used as a political tool to protect a narrow majority in Congress. I urge the committee to reject this unnecessary and deeply partisan effort and instead commit to preserving fair representation for every community in Texas.
