Message:

We need to, as a country, make such blatant power grabs as this illegal. This is going to harm the people of Texas as they lose their representation. 45% of people in Texas vote for democrats, and this proposal would make only 20% of representatives democrats. That is a massive lack of representation for the people and the actual makeup of Texas.

Not only that but it is disgusting that this is being focused on instead of helping the people suffering from the recent July floods. Nor are we putting emergency alert systems to stop another such disaster happening. This legislation should absolutely not be considering anything else until that is done.
