Affirm public info: I agree

Regarding: Congressional

Message:
I support HB4 - Plan C
Redistricting.

Democrats have done this for years and now they are personifying as if Texas is the first state to redistrict. There were 8 Democrat states that Redistricted in 2021. The state of New Mexico is 50% Republican and the state of New Mexico only has Democrat Representatives. The same with California. California moved their districts to show a higher percentile of Democrats. Most of California voted Newsome out, but some how his revised boundaries made it seem as if he was still popular, and he is not. I say boot the current 51 Democrat reps to the curb. Replace all 51 seats with Republicans instead of 5 seats.

I whole heartedly support
Redistricting. KEEP TEXAS RED!!
