Message:

Redistricting was done in 2021 and does not need to be done four years later! This is a political ploy that is very anti-democratic and not in Texans' best interest!

But Governor Abbott is using the special session to push Trump's political agenda rather than addressing the real crises Texans are facing. While families recover from the devastating Central Texas floods, lawmakers are wasting time redrawing voting maps behind closed doors to cling to power.

Lawmakers have 30 days to redraw the maps, with no requirement for transparency, public input, or fair representation. We deserve a process that is transparent and accessible. Again, very anti-democratic!

I am calling out this undemocratic attempt to cling to power and demand the legislature draw maps that are that are truly reflective of the diversity of our state.

Sincerely,

Deborah Scheer
