Message:

You know you cannot win unless you lie, cheat and steal, so here you are: lying about what constituents want and need immediately, cheating by making sure my district is not represented at all until a random November election selected by the most corrupt governor ever in Texas (quite a feat as I am 73years old and was born and raised in this once great state) and stealing by planning to redistrict with no census. You are all corrupt and it is blatantly evident. Stop the nonsense and help the residents of this state rather than the old loon wandering aimlessly around the roof of the White House thinking he is a king(He is NOT!). Do your job or move to Russia, or Hungary, or North Korea. They do allow dictators. America DOES NOT, but for your corruption.
