Message:

I strongly oppose the redistricting plan. The proposed new maps would move my neighborhood from district 9 (Al Green) to district 36 (Brian Babbitt). The shift erases the representation of a minority majority working class neighborhood. The new district takes votes from a dense area of Harris County and dilutes their representation into a district that stretches deep into Easy Texas. These communities face distinct issues and deserve fair representation. The redistricting process just took place after the 2020 census and this mid-decade change is an alarming attack on the people who reside in this state.
