Message:

I strongly oppose the latest redistricting efforts in Texas that amount to blatant gerrymandering. These maps are not drawn to represent communities fairly — they're designed to manipulate political power and silence the voices of millions of Texans, particularly communities of color.

Redistricting should be about representation, not rigging elections. Every Texan deserves an equal voice in our democracy, regardless of where they live or how they vote. Gerrymandering erodes public trust, undermines accountability, and weakens the very foundation of our democracy!

We need independent redistricting — not partisan power grabs. Let the people choose their leaders, not the other way around!
