Message:

Disgusting to Texans & the world that you, people the citizens elected, are choosing to put on the back burner the loss of 130 + people, MAINLY children & the future safety of Texans, in the middle of hurricane season, to gerrymander redistricting. The people who elected you overwhelmingly let you know we disproved. How you can look in the mirror after what you saw & heard in Kerrville, for this not to be PRIORITIZED is unconscionable & it will be remembered by Texas citizens. May God forgive you all.
