Message:

We no longer have a democracy in this state and haven't for a long time. You have tried to silence the minority groups and Texas wouldn't be Texas without the Hispanics/mexican culture and people. All people deserve to be represented and not dictated to. You work for us not the president. We are your boss, not the oligarchs. Do not add more GOP seats because the president said to. Follow your oath and vote against it.

Thank you,  
Diane Johnson
