Message:

It should be abundantly clear to the Texas State Senate that the people of the State of Texas do not want HB4, the redistricting bill, to be voted on at all unless the vote is a resounding no. It should not be consuming one minute of your precious time.

Pay attention to what your assignment is which is to represent the citizens of the State of Texas, all of the citizens of the State of Texas, and not to cow toe to a federal administration that is leaning very much towards an authoritarian regime.

We Texans are proud and independent souls and do not expect to see our elected officials bow down to the federal government over ANY matter that we as Texans can handle ourselves.

Redrawing the maps in the manner that has been proposed is a clear sign of fear about losing a so-called position of power. When did "power" become the leading reason for voting in new legislation? The leading reason should be "how will it help the citizens of the State of Texas?".

Please get this right and stop this vote or stop the bill.
