Message:

Texans are not stupid! The Democrats had no choice but to do something dramatic to counter extreme GOP redistricting ahead of the mid-terms.

We know that you accepted \$10 M from the federal gov for infrastructure (flood relief) and spent it on something else.

We know you have taken away family planning autonomy from women and cut Medicaid \$, not to mention failure to expand Medicaid in TX to save healthcare access and sustainability.

Women will die without access to care and you couldn't care less. We will not forget in the midterms how little you valued the lives of our daughters, sisters and mothers. You should be ashamed, but we will remember at the ballot box!
