Message:

I strongly oppose the Senate Special Committee on Congressional Redistricting.

Texans deserve fair, transparent, and representative maps—not ones manipulated behind closed doors for partisan gain. Just a few years ago, Republican lawmakers redrew the district lines to benefit their own party. Now, because the political landscape is shifting, those same lawmakers are claiming that Democrats are somehow exploiting the very system Republicans engineered.

This is not about fairness—it's about power. And it's unacceptable.

Redistricting should not be used as a weapon against voters. It should be guided by nonpartisan principles that reflect the true makeup and will of the people of Texas. This committee has failed to engage meaningfully with communities, particularly communities of color, and continues to erode trust in the democratic process.

I urge the Senate to reject further action by this committee and instead support a redistricting process that is transparent, community-driven, and nonpartisan.

Respectfully,
Eliana Gonzales
