Message:

I'm deeply disappointed in our Republican state representatives here in Texas. This attempt to push through a sham redistricting effort at all, let alone mid-cycle, is not only an embarrassment to Texans, but to the American people as a whole.

Additionally troubling is the threat to punish our Democratic state representatives for breaking quorum, which we know is a move that is explicitly protected in the Texas Constitution. To attack them for exercising a constitutional right is not just disturbing; it's a disgrace to the legacy of those who built this state and its democratic institutions! The same institutions you claim to take pride in. If you really loved Texas, you would strive harder to listening to the real voices of Texas.
