Message:

I am appalled by the machinations behind this special session. The priority should be disaster relief, warning, and preparedness over anything else. People died, children died due to negligence and misappropriation of funds. Some of the loss of life could have been avoided. The fact this is not immediately being rectified is an act of cowardice and great dishonor. Redistricting should not be on the docket until the current litigation is complete and/or the next census, not mid decade to coincide with midterms and a request from President Trump for Governor Abbott to give him 5 new seats. Your duty is to the people of Texas first and foremost.
