Message:

If you're not going to use either an independent or bipartisan committee to draw new maps stop wasting our time and money. A request from the president to give 5 new seats to his party is not a valid reason to redistrict before the upcoming midterm elections. This is a power grab plain and simple. Every second wasted on this is time denied to helping the flood victims trying to mitigate future disasters as our climate and weather become more severe. Do your duty and put the needs of your constituents first. The nation's eyes are upon you, show them that Texas doesn't bow to the whims of tyrants indue and out of its borders.
