Message:

President Trump and Governor Abbott cannot be allowed to redraw district lines mid-decade in order to maintain power. This is not how a government “by the people, for the people” is meant to function, and it is a deliberate attempt to silence the voices of millions of Texans. The President is not a king, and he cannot be allowed to disregard the democratic process simply because he wishes to. Allowing this obvious, cynical power grab to move forward would set an incredibly dangerous precedent for the rest of the nation.

The people of Texas elect our legislators to represent our voices and our interests, and to protect our freedoms. If you allow this mid-decade redirecting to proceed, you are failing us.

I stand with Texas Democrats in their defense of our democracy.

Sincerely,  
Erin Curlee-Hatfield
