Message:

If Governor Abbott was sincerely concerned about the needs and welfare of the flood victims of Central Texas, he would have given this matter priority over congressional redistricting. Redistricting should never have been included in the legislative agenda for this special session. There no justification for it other partisan political gain. SHAME ON TEXAS LEADERS FOR PURSUING THIS UNCONSTITUTIONAL ACT.

Please stop pretending you care about the people of Texas when your primary focus presently appears to be on what Donald Trump wants and suppressing the voices of the minorities in Texas.

WE the people, the flood victims, deserves better than what the governor and the senate majority is offering.
