Message:

Stop the tRump therefore putin backed gerrymandering. The governor is a fascist just like tRump. The map is a disgrace. Please explain how you dare post Holy Scripture on social media. This is exactly what putin wants you to do but you are drunk with power and too stupid to add 2+2. You are starting a civil war and you are on the side of the confederates and nazis. The heritage foundation told us this and and you plan to initiate it. Schwertner needs to hold a town hall but he is a total coward. Stop the gerrymandering you pedophile supporters!
