Message:

What's happening to District 18 is deeply troubling and fundamentally wrong.

This community—rich in culture, history, and resilience—has long been a voice for underrepresented Black and Hispanic voters. The proposed redistricting would deliberately fracture that voice by carving up the district and diluting its electoral power, all for partisan gain. It's not just political maneuvering; it's gerrymandering in its most blatant form—and it should be illegal.

Manipulating district lines to silence communities is a direct assault on democracy and the civil rights of the very people who built and sustained this area.

We deserve better and to have our voices heard with proper representation.
