Affirm public info: I agree

Regarding: Congressional

Message:

I am asking that our Texas representatives/senators vote against the Texas congressional redistricting. There is no valid reason to be doing this at this time. Only reason is that President Trump has asked our Governor to basically rig the upcoming mid-term elections by changing these district boundaries. It is unfair to all Texas residents to change the boundaries just because our President is afraid he will lose some seats in US Congress. That is not how our democracy works.

Republicans may feel strongly about keeping their majority in Congress but is it really worth it if you do it by cheating? By silencing the votes of some Texas residents by changing these boundaries to benefit one party? If Texas does this for President Trump, we are going against everything we as Texans value. Texans are strong and fair. Governor Abbott and those representatives/senators who vote for this are nothing more than puppets for President Trump. We are giving up so much of our integrity and morals if we continue to go down this path.

Please vote with integrity. Remember most voters are not far left or far right. Most of us are in the middle. Most of us want what is best for our fellow Texans regardless of political affiliation. Most of us want our representatives and senators to be chosen fairly. This redistricting is anything but fair.

And lastly as a Christian, what would Jesus do? Would he be happy with these games being played? Remember you have to answer to your Texas voters. But more importantly, you will ultimately have to answer to God. Would God be okay with trying to silence the voices of others? I think you who are Christian know the answer. Do the right thing!

.
