Affirm public info: I agree

Regarding: Congressional

Message:

My name is Hannah Sumrall. I am a Houston resident and constituent of Harris County district 38. I am expressing my opposition to the proposed revised congressional redistricting plan on the following grounds:

- (1) The state should prioritize flood relief and emergency preparedness during the special session over the complex task of re-districting, which is likely to require more than 30 days of consideration and discussion.
 - (2) The outcomes of lawsuits challenging the redistricting plans from 2021 have still not been resolved. The decisions of these lawsuits will be critical to inform the next steps for any future re-districting plans to prevent any further legal complications, respect the time and effectiveness of the legislators, and reduce any excessive cost to the taxpayers.
 - (3) Further manipulating the district maps will reduce voter confidence in the 2026 election results and call into question whether elected officials truly represent the will and wishes of the people of the districts and areas they are intended to represent.
- Thank you for your time and attention to and consideration of these concerns.
-
