Message:

I'm registering my complaint about this senate voting to racially gerrymander and already racially gerrymandered map . This body is submitting to authoritarianism without a qualm . This isn't politics as usual but is stripping away any minority republicans and going back to Jim Crow apartheid representation. I find it shameful that this legislature is so fearful of an 80 year old demented fascist malignant narcissist. We have all seen the maps and it is drawn to dilute the majority voices in this state . How dare you use the deaths in Kerr county as your thin pretext to call this session when it actually is just Republicans desire to prostitute themselves to Donald j Trump .
