Message:

Voters in Texas did not ask for redistricting to be taken up in this moment. The maps could use improvement, sure. But Texans are not pawns in this national game. We must guard against the worst outcome since we have not been provided with proposed "improvements" to existing maps. Federal overreach has set this agenda in motion when it has been ignored for YEARS. Feds are stealing resources, attention, and priorities from the people of Texas and our governor endorses it. Our elected legislature must not! Separate those powers! Be our voice! We must not allow political parties to manipulate the voices of Texas voters with a shoddy "rush-job" approach. All Texans and its elected officials must guard against tyrannical and short-sighted endeavors. If this is worth addressing, it needs a measured, considered approach by Texas elected officials working for Texans.
