Message:

I am against the redistricting plan. First - the current maps are still being challenged in court. Wait until the challenge is complete before doing anything. Second - no mid-decade redistricting ever unless court mandated to fix racial gerrymandered maps. Third the current proposed maps are more racially gerrymandered than the maps already in place. Fourth - the proposed maps for the Austin area take away our ability to be represented by people who live in our communities, know the communities and have the areas best interests at heart.

This proposal is wrong - morally and ethically. Stop it now!
