Message:

As a citizen of both the United States and the great state of Texas, I am compelled to voice my strong opposition to any efforts to redistrict our current electoral maps. This push for redistricting appears to be nothing more than a thinly veiled attempt to manipulate the system, specifically to increase Republican representation. Such actions would not only undermine the democratic process but also actively work to silence the voices of Democratic voters across our state. This is not about fair representation; it is about partisan power grabs, and it is a form of corruption that I cannot support.
