Message:

Dear Members of the Texas Senate,

I am writing as a concerned Texas resident to express my strong opposition to the proposed redistricting changes currently under consideration. Fair representation is a cornerstone of our democracy, and any attempt to redraw district lines must be rooted in transparency, equity, and respect for the diverse communities that make up our state.

Unfortunately, this redistricting proposal appears to weaken the political voice of historically underrepresented communities — particularly communities of color — by diluting their voting power. Redistricting should reflect population growth and demographic shifts, not be used as a tool for partisan advantage or to silence voices critical to our democratic process.

I urge you to reject any maps that are gerrymandered or that reduce fair representation. Instead, I call on you to support an open, community-driven redistricting process that protects voting rights and ensures that all Texans have an equal voice in our government.

Thank you for your time and consideration.

Sincerely,  
Ian Cochran  
Harris County
