Message:

I'm strongly against this attempt at redistricting. It's about holding onto power, and NOT about fairness and representation. Texans deserve better than a system that keeps getting redrawn just to benefit a few at the top. The process should be transparent and reflect ALL of us, not just those in power. If you're in this position to lead then please do it with integrity. Remember why you chose to serve in the first place: to protect Texas and to make sure all our voices are heard.

Please do the right thing and stop this redistricting effort and stand up for REAL democracy.
