Message:

I live in the Rio Grande Valley area of South Texas and for more than 200 years it has been under control of the Democrats with nothing to show for, mostly poverty, unemployment, low wages, corruption. I believe it is time to move from the one party system that has failed lots of families in the area. An opportunity should be given to alternative voices and to step away from the lies and the fear mongering of the only party that makes the rules. Many conservative republicans that live in the area do not feel represented and our voices are being ignored. I don't want any special treatment just have an equal and fair balanced election and have a seat at the table. Redistricting will give a chance to good candidates both men and women to let the voters know that there is a different way forward. Doing the same thing over and over and expecting a different result is a definition of insanity. Let's have a 2 party system in the Rio Grande Valley and let's have real competition between Democrats and Republicans
