Message:
Senators,
This country was founded on the principle of "no taxation without representation," and attempts to minimize the voices of citizens is in
direct opposition to what it means to be an American. It is a move intended to further divide the state and country at a time when our
elected officials should be trying to bring people together. This is a slippery slope, and you will not like the results when the same
move is turned against you in the future. Instead of kowtowing to the whims of the Washington elite, listen to the people you have
sworn to represent. I urge you not to proceed with this disgraceful redistricting.
