To Whom It May Concern,

I do not support the redistricting efforts. A majority of Texans do not support these redistricting efforts and no longer have faith in our state government to work for the people. We are well aware that many in our Texas government only work for the wealthiest among us. And you should not be taking orders from the Trump administration, but rather the people you are supposed to represent here in Texas. Let's get back to our common values of honesty, integrity, transparency and doing what is in the best interests of the people.

Sincerely,

Jaime Parker
