Message:

I am writing today to express my intense frustration and disappointment in this out of cycle redistricting event. Texas is already one of the most Gerrymandered states. These new maps are an abomination and profoundly undemocratic. Citizens should be able to use their voices to elect officials that represent their local area, and these districts are so contorted that it would be difficult to truly represent an area. This process is so unethical and puts a stain on every member of the Texas House and Senate. Those endorsing this change are simply un American. If you are endorsing this abuse of voters and citizens, you are wrong, and history will remember you as wrong. Instead of making our troubled maps worse, I suggest resignation, as you are not fit to hold office.
