Message:

Say "No@" to redistricting. The use of the Special Session to grab more power is actually an abuse of power. The intent of Governor Abbott is to disenfranchise minorities and non-Republicans.

I used to be a Republican, but frankly, I am disgusted by the actions of the Texas Republican Congressmen and women. Abbott's bullying techniques, such as threatening primarying, and his position as Trump's #1 Governor Puppet is an embarrassment to every Texan.

I am NOT a Democrat, but your actions have pushed me to vote for Democrats. I am already working hard toward the goal of reducing the number of Republican Congressmen/women in the next elections.

You Republicans are ALL complicit. History will remember you as lemmings and lackeys. I hope all of your careers are soon over.
