Message:

This redistricting plan is a gross abuse of power, anti-democratic, and should be stopped in its tracks immediately. Just because the current occupant of the White House snaps his fingers does not mean our legislature should come to heel, during a special session no less! If republicans want more seats, they should try to persuade more voters to pick them at the ballot box. Voters are supposed to pick their representatives—not the other way around.

Maybe instead of this hair-brained, cynical plan to stave off the bloodbath republicans are sure to face during the midterms, try working on something that would improve life for Texans or address any of the actual urgent matters that desperately need your attention (such as emergency warning systems and other flood relief measures after the July 4th weekend tragedy).

Thank you for your consideration and I sincerely hope you will abandon this redistricting effort.
