Message:

The proposed redistricting is only happening because Trump asked for it in order to tilt the US House more in his favor. This is a

blatant power grab and shouldn't even be under consideration. The districts in Texas are already gerrymandered (just look at districts

10 and 15), which have suppressed the votes of people of color and those in urban areas.

Our state legislators need to stop allowing the President to decide what happens in our state, and start doing what is in Texans' best

interests. This lack of courage and ethics will destroy our state. Believe it or not, I'm an older, wealthy, Christian voter - one of my

children has already left the state for one with better healthcare and public education and my other child plans to move. You all are

harming our state and need to start focusing on what is most important rather than handing our state over to MAGA extremism.

Thank you for considering this opinion.

Sincerely,

Jennie B Chao
