Message:

Thank you for holding this public comment period.
This attempt at disengagement of the people of
Texas is morally bankrupt and unfair. It is against
every good thing that I believe about American
values and the values that Texans hold.

Fair elections are a cornerstone of our democracy.
Gerrymandering to disenfranchise people is wrong.
My region of South Texas will suffer, as will the rest
of the state.

Please support democracy, Texans and Texas values
with your vote against this terrible redistricting
proposal.
