Message:

I want to live a life free of bullies. This redistricting attempt is trying to make El Paso citizens not heard. You are trying to unfairly change lines so that the Republican Party is misrepresented in El Paso County. Shame on you! Stop this nonsense! Listen to all the people in this area. As a regular person and a citizen of El Paso County I needed to make my opinion known.

The map lines need to be drawn fairly without bias to the party in power. Thank you.
