Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my concern and input regarding the congressional redistricting process in our state. It is essential that the newly drawn districts reflect fair representation, respect community boundaries, and prevent gerrymandering that dilutes the voices of voters.

Redistricting should be carried out in a transparent, nonpartisan manner that prioritizes:

- Equal population distribution
- Protection of minority voting rights under the

Voting Rights Act

- Maintenance of compact and contiguous districts
- Preservation of communities of interest

Voters should choose their representatives — not the other way around. I urge the committee to adopt maps that ensure every voter has an equal say in their government and that political power is not unfairly concentrated through manipulated district lines.

Thank you for considering public input and for committing to a redistricting process that serves the people and upholds our democratic principles.

Jose Ventura,
Houston, TX
Harris County
