Address: [REDACTED]  
City: Kyle  
State: Texas  
Zipcode: [REDACTED]  
Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

I am a recently retired Texas public school teacher. I live in Kyle and I'm concerned that my voice as represented in my vote is getting tampered with by the Texas state legislature and the governor of Texas specifically. This is being done by a racially driven, surgically designed, redistricting map drawn up by a non-Texan for the sole purpose of gathering votes to insure support of the current president of the United States, ultimately. I am disappointed in governor Abbott and his apparent bowing to the wishes of Donald Trump. It was my understanding that the special session was called in order to address the needs of those who lost life and property and community during the flooding on July fourth this year. I don't know why the Republican leadership seems to have minimized the importance of making important decisions to support those folks and instead are doing a mid census, unneeded, and apparently racially motivated gerrymandering of our precious communities by tampering with voting districts. I fully support any Texas legislator who takes action to stop this despicable effort to dilute and divide communities instead of working to rebuild those communities who are struggling to rebuild.

Respectfully  
Julie McKeon
