Message:

I have lived in Texas all my life as have my family. I very strongly oppose any and all redistricting in and around my city, as well as anywhere in the great state of Texas that may favor the Republican Party. Every Texan regardless of where they live, deserve to have their voices heard. It is the one job of our representatives to serve us and the public's interest. It is our right as citizens of the republic to elect officials who reflect our ideals, share our morals and our ideologies. If these representatives cannot align themselves with the needs and desires of the public which they serve, then those elected officials need to remove themselves from the occupation of public service, and NOT redraw the district lines in a blatant attempt to preserve themselves. You have power from those people, not the other way around. If Republicans choose to move forward with their plans to Gerrymander districts who likely already have been Gerrymandered, then they should prepare themselves for a FIGHT. Residents of this state will NOT stand for this. it is unethical, sneaky, and UNAMERICAN.
