Good afternoon. I am writing today to strongly OPPOSE this mid-decade redistricting scheme. In addition to being unprecedented and unnecessary, it is also borderline illegal as it is disenfranchising citizens who deserve to be able to vote for the representatives who most closely align with their political needs. THIS abomination most closely aligns with YOUR political needs. You are removing several 'safe' Republican seats in the hope of gaining five additional seats at the expense of the majority/minority population of this state. I have to tell you, if my neighbors are any indication (I live in an ENTIRELY Republican area), you should keep those safe seats if you can. I don't know anyone who's eager to go out and vote Republican. Your steal from the poor and give to the rich reverse Robin Hood policies are so unpopular, even the most outspoken Trumper on my block has taken down his signs, removed the flags from his tailgate, and peeled off the stickers from his truck. It's sitting on his driveway now, forlorn and spotty, while his owner stews over having the VA cut back by DOGE. I'm pretty sure after having listened to two recent Republican town halls that those five seats, if you can get them, won't be enough.
