Our Federal government now qualifies as an originated crime syndicate with Trump as the Don. He has made sure that he is safe when not in office. But any other loyalist, boot licker or henchman will be fair game. This ridiculous map, created by a Trump loyalist who is still embroiled in litigation over the last Texas map he drew up takes gerrymandering to a new level. And we all know new maps are not drawn up until the census but here we are because the Don wants 5 seats. Every republican should be afraid of the 2026 elections. None of you are safe and Trump does not really care if u are re elected (how old will he be ) and the money will not be as plentiful. Back off this map idea. Not good for Texas and not good for our country.s
