Message:

I greatly disapprove of the redistricting here in the great state of Texas. This helps no one. The districts are already currently unfair due to voter suppression and our current gerrymandered map that the Republicans care nothing about because they get elected and do nothing to help the citizens.

We all deserve to have our voices heard and taken into account and to be honest I'm sick of Texas being a laughing stock of the US. This great state with such a huge population is at the very bottom of education, employment, women's rights, you name it.

Please listen to your constituents. We are sick of our voices being muted and our concerns unheard.
